

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

REPORT OF THE BOARD OF GOVERNORS.

The Board of Governors of the Society of the Lying-In Hospital of the City of New York presents the following report of the Society for its one hundred and seventeenth year.

The annexed report of the Medical Board, with accompanying statistics, will give a clear idea of the work that has been accomplished by our Society during the past year.

An examination of the donations received during the past year shows that an increasing number of individuals have become interested in the work of the Hospital. Efforts have been made by sending out personal letters and by appeals to bring the work of this Hospital before a large number of people, and this effort to secure an increasing number of annual contributors has met with success.

During the past year, as hitherto, Mr. John Pierpont Morgan, by his most generous support, has made it possible for the Board of Governors to meet the annual cost of running the Hospital. The Board, however, looks with confidence to ever increasing interest on the part of the public spirited citizens of New York, and trusts that they will rally to the support of this work; and by annual subscriptions and gifts, or by benefactions through their wills, make it possible to support the Hospital without leaning so heavily, as has been the case in the past, upon Mr. Morgan.

The Ladies' Auxiliary has been extremely helpful, and the interest of its members has done much to enable the Hospital to accomplish its work. This Auxiliary has stimulated an increasing number of annual donations, and has been the means of inducing gifts of a useful nature for those treated in the Hospital, as well as for the patients who are treated in their homes.

A reception planned and carried out at the Hospital by the

Ladies' Auxiliary in the spring of this year proved a great success, and undoubtedly contributed considerably to making the Hospital better known. It certainly served to stir up a greatly increased personal interest in all of those who were able to be present.

The thanks of the Board of Governors are gladly extended to all of those who, by their gifts of money, or by donations of clothes, flowers, fruit, books, magazines, etc., helped in the Hospital's work.

The record of the Society in its Outdoor Department during the past year has been extremely good. The percentage of deaths among cases treated in this department has been very small, and the Board of Governors feel much pleased that this large volume of work has been so successfully and satisfactorily handled.

All persons who at any time may desire to visit the Hospital in order to obtain information as to the details of our work, or who would like to examine the manner in which the Hospital is being conducted, will be gladly received, and full details will be given upon application being made to the Superintendent at the Hospital Building.

New York, September, 1915.

REPORT OF THE MEDICAL BOARD.

During the past year the work of the Hospital has been continued along the same lines as in previous years. Its function as a teaching institution is shown by the number of both graduate and undergraduate students that have enrolled for the purpose of gaining practical knowledge of this important branch of medicine. The graduation of physicians from the house staff has also added many well qualified men to the ranks of the profession. The Hospital BULLETIN has likewise continued publication and has presented in a collected form the work of the members of the staff.

An interesting comment on the work of the Hospital is shown in the number of births conducted under its care in the Borough of Manhattan. Of the total number reported to the Bureau of Vital Statistics during the year 1915, 65404; 44527 were reported by physicians and 20877 by midwives. Out of the total number there were 6,690 births conducted by the members of the staff of the Lying-In Hospital, or a percentage of 10.23. What proportion of these cases would have been confined by midwives it is impossible to say, but undoubtedly a very large proportion of the women taken care of by our institution would be compelled to resort to midwife care unless such facilities as ours were provided. There is no single factor which will do more to overcome the deplorable midwife practice than the substitute provided by our maternity hospitals, among which this institution must continue to take a prominent stand. The Out-door service in particular affords to many mothers, who already have a number of children, an opportunity to be confined at home and thus continue to act as a governing factor in their own homes in the absence of their husbands at work. This is a very important consideration and prevents many women from resorting to a hospital who would be otherwise glad to do so. In view of the

necessity of bringing the advantages of the Hospital service closer to these women, a system of clinics established in other sections of the city would prove of great value. The cooperation of various neighborhood institutions would be of great assistance in building up a service of this character. Quarters might be secured in such buildings which would permit the attendance once or twice a week of one of our hospital staff and a nurse to examine applicants for attention during their confinement, and thus obviate the necessity of these women who cannot spare the time from their families from taking the long trip to the main hospital building. A system of this kind has been successfully carried out in Pittsburg and other cities and would accomplish a great deal in extending the benefits of the institution in districts where at present the patients cannot satisfactorily be reached. The work in the pathological laboratory has been continued under the able supervision of the pathologist and his staff, and close relations between the laboratory and the clinical departments have been maintained.

The endowment fund for the study of puerperal fever generously provided for by Mrs. Helen Hartley Jenkins has continued to furnish resources for this important work. Undoubtedly the Hospital will always serve for the reception of numerous cases of childbed fever, as it is practically impossible to eliminate this disease in view of the frequent opportunities for its occurrence in the practice of careless doctors and midwives.

The Ladies' Auxiliary has rendered efficient assistance in the case of the patients in their homes, providing them when necessary with food, clothing and fuel. Through their efforts deserted women and their babies have also been placed in various institutions, or work secured for the mothers so that they have been able to provide for their own children. Women, who when discharged from the hospital, are not able to return to their homes to attend to household duties are sent to convalescent homes.

The attending physicians of the Babies' Class have continued the good work of this portion of our hospital service during the past year. The visiting nurse has been of great assistance in following up the clinical patients and by instructing the mothers in the care of their babies fills a much desired function. The

large number of mothers and babies attending this class on two days in the week makes it almost imperative in the near future to extend this portion of the Hospital's work. It is only by attention to these new-born babies and giving mothers the proper instruction in their care that the large death rate in early childhood can be satisfactorily combated. It also serves to keep the mothers after their discharge from the Hospital in somewhat closer touch with the institution, as they are made to feel that in case of trouble they can always apply for relief.

In view of the fact that the City Institutions and many other institutions in the City of New York taking care of the poor have inaugurated a system by which all patients are required to pay whatever they can afford, this Hospital has adopted this scheme with very beneficial results.

THE WORK OF THE SOCIETY IN 1914-1915.

RELIEF WORK.

In the year October 1, 1914 to September 30, 1915, the Society, in the two branches of its service, treated **7,957** cases. The number of births was **6,690**. The number of births in the Borough of Manhattan, according to the returns from the Health Department, were **65,404** of which **44,527** were reported by physicians and **20,877** by midwives. The Society cared for over ten per cent of the entire number of confinements and more than fifteen per cent of those treated by physicians.

The number of applicants for treatment was **9,338**. In the Out-Door Department the number of applications was **4,362**, the number treated **4,194**, the number of confinements **3,571**. The number of applications for treatment in the hospital **4,976** the number received **3,763** and the number of confinements **3,018**. The ambulance service brought to the hospital **572** cases. In all its departments the Society has worked to the full limit of its resources. The demands upon it are shown by the following table:

	1914-1915	1913-1914	Increase
Applications.....	9,338	8,809	529

Of **6,356** patients concerning whom information was obtainable **6,047** lived in front, and **309** in rear tenements; **594** patients resided in basements, **254** on stoop floors, **1,326** on first floors, **1,204** on second floors, **1,215** on third floors **853** on fourth floors, **910** on fifth floors and **233** not noted.

Husbands were unemployed in **1,590** instances.

As indicating the needy character of the beneficiaries of the Society, tabulated statement of rents, earnings and occupations may be found on pages 40 to 46. In some emergency cases, and frequently in the case of non-English speaking applicants, precise information is not obtainable.

EDUCATIONAL WORK.

The Medical Board has given instruction to **115** undergraduate and **94** graduate students. A three months' course has been given to **272** nurses.

LADIES' AUXILIARY.

The Ladies' Auxiliary reports **157** members. Its agents made **21,281** visits, distributed **20,580** garments, and aided **3,325** families with food or assistance in household duties.

FINANCES.

The cost of conducting the Hospital, the Out-door Department and the Sub-station has been **\$192,572.18** including the Private Pavilion (**\$20,845.41**), as stated in the itemized statement of expenses, a decrease of **\$6,315.38**.

OUT-DOOR DEPARTMENT.

CASES VISITED AND RELIEVED

BY

THE LADIES' AUXILIARY.

Extracts from the Reports of Mrs. Kerr, Visitor.

No. — Essex Street — Fourth child. Man a baker, but on account of a strike unemployed for past three months. Family miserably poor; crowded in two dark basement rooms, obliged to burn an oil lamp all day. Man claims to have tried to peddle, but was compelled to give that up, as he could not pay for a license. Gave clothing for patients, and sent in cleaner daily, also gave address of Hebrew Relief Society, which gave \$5.00 in cash, and promises to help man get peddling permit.

No. — Clinton Street — Third child. Man deserted six months ago. Claimed family was growing faster than his income. Home wretchedly poor, and very untidy. Gave clothing for bed, woman and baby and sent in scrub-woman to give thorough cleaning. Woman grateful although apparently unable to keep a decent home herself. Said she was glad man had gone away, and hoped he would not return, as she could make a good living for family, being a good dressmaker.

No. — Monroe Street — Fourth child. Family destitute. man having been killed five months ago by fall from building on which he was employed. Patient worked while able and has since been helped along by men with whom husband worked. Asked advice regarding placing of two children in an institution temporarily. Same given, also address of day-nurseries

in her neighborhood. Woman very thankful for all assistance given.

No. — Essex Street.— Sixth child. Man usually employed in a market. Met with an injury to his hand six days prior to woman's illness, and family consequently destitute. Showed agent's dispossession notice and was advised to go with same to downtown Jewish Relief Society. Did so and was given \$5.00 to pay on rent and promise of visit from member and further assistance if necessary. Very thankful for care and helpful advice.

No. — East 9th Street — Ninth child, oldest a boy of 14 years, who proudly showed his certificate from Board of Health allowing him to go to work. Says they will soon live in better rooms, and have more clothes. Man a truckman working irregularly and evidently having a struggle to support such a large family. Gave patient necessary clothing and sent in cleaner daily during her incapacity.

No. — Water Street — Third child; man a longshoreman; has been idle for four months and has just resumed work. Family suffering extreme poverty, as they are paying up arrears of rent. Have lived in same two rooms since marriage and are proud of their record for honesty. Patient needing everything for comfort. Gave her clothing, food, and care of scrub-woman during her illness.

No. — Suffolk Street — Fourth child. Man in poor health only income that earned as janitor of tenement (\$4.00 per month and use of two small rooms on ground floor of rear house). Claim to have eked out a living by taking lodgers who pay \$1.00 each per month for privilege of sleeping on floor. Man given address of downtown Sick Relief Society which gave \$5.00 and bed clothing. This assistance, with auxiliary relief, made patient quite comfortable during her illness. Very appreciative of all kindness.

No. — Monroe Street — Ninth living child. Man and one girl working. Needing only baby clothes and daily care

of scrub-woman. Woman served with dispossession notice while in bed, not on account of non-payment of rent, but of large noisy family in three small rooms. Said as soon as well she would try to find basement rooms where she would not annoy her neighbors.

No. — Monroe Street — Fifth child. Family living in miserable dark back basement. Man a shirt maker working irregularly and earning small wages. Couple depressed and woman very ill, having buried child of three years just a week prior to confinement. Gave all necessary clothing for woman and infant, and sent in scrub-woman daily while necessary. Very thankful for care.

No. — Allen Street — Fourth child. Man in poor health, unable to work steadily, and family miserably poor. Obligated to live in cheap back rooms with window of stable very near that of patient. Odor unbearable but apparently not objectionable to family. Man referred to downtown Jewish Relief Society which furnished mattress, stove and clothing, also gave \$5.00 in cash. Very thankful for care of scrub-woman during incapacity.

No. — Willet Street — Seventh child, oldest of whom is twelve years of age. Family wretchedly poor, living in two dark basement rooms, windows of which are broken and holes stuffed with old clothing. Landlord when seen by visitor, refused to make repairs, saying that building was soon to be torn down. He, however in installments, collects \$8.00 per month rental. Man a banana peddler, earning very little. Family self-respecting, apparently trying hard to educate children, and hoping for better times when they become wage-earners. Very grateful for assistance in clothing and care of patient.

No. — Lewis Street — First child. Man deserted six months prior to confinement when woman accused him of having two other wives in the neighborhood. Will have him prosecuted for bigamy when she recovers. Patient very ill,

requiring care of auxiliary for ten days. Also needing

claims he has tried to peddle, but was forced to give that up as he had no money to pay for license. Gave clothing for patients, and sent caretaker daily, also gave address of Hebrew Relief Society, and sent man to make application for work and assistance during wife's illness.

No. — Norfolk Street — Fifth child. Family very poor, as man a clothing presser who earns fairly good wages, only gives his wife \$2.00 weekly. Patient says he has always abused and neglected his family, but she has only recently learned that he has another wife and family. Says she will take steps as soon as recovered to have him arrested and punished for bigamy. Is not sure she is first wife. Woman's sister helping during illness. Very grateful for food and clothing provided.

No. — West 39th Street — Fifth child. Very respectable appearing colored woman, with worthless husband. Said he had just returned from absence of several months giving no account of himself. Family very destitute. Woman worked as long as able in a laundry, and since giving up same, has been dependent on poor neighbors. Gave her clothing and also helped out with food and sent in cleaner daily. Very grateful for care of doctors and auxiliary.

No. — Sheriff Street — Eighth child. Man a butcher, family living in wretched basement back of shop, suffering every privation possible in order to educate children. One son in a New York College, another boy and a girl in high school, while younger children are without shoes or clothing, and home is filthy. Looking forward to comfortable days when children have entered professional life. Man hoping to some day pay for professional and auxiliary care given his wife.

No. — Allen Street — Sixth child. Miserably poor family of Polish Christians, living in two dark basement rooms. Oil lamp burning all day. Woman claimed to have lost two children shortly before confinement by diphtheria. Man earns a precarious living as junk dealer. Necessary clothing and food provided for patient and infant, and cleaner sent in daily.

Advised removal from unwholesome rooms. Very grateful for assistance and advice.

No. — Clinton Street — Fourth child. Man lazy, intemperate, and family very poor. Three children suffer from whooping-cough and quite sick. Patient almost distracted with noise and confusion. Says when recovered will be obliged to leave husband, placing some of children in an institution and working for others. Very appreciative of assistance in clothing, food and milk supply, also extra attention from scrub-woman.

No. — Orchard Street — Two children, parents and boarders living in two rooms. Man working in a factory on small wages, but considers himself very fortunate in having steady work. Gave a few baby garments, and sent in a woman until fifth day, when patient was found up attending to cooking, walking around in bare feet, although weather was very cold. Claimed to be unable to waste any more time in bed. Advised regarding danger of such action.

No. — Allen Street — First child. Man a tailor, earning a fairly comfortable living for family. Patient's sister unable to care for household, but unable to attend to woman and infant. Cleaner sent in for a few days to help care for patient, which couple were very grateful. Calling on fifth [day], when patient had gone to Brooklyn with baby to visit family.

No. — Ridge Street — Fifth child. Man a house painter, out of employment. Woman claims to have had "Five Cent Street" doctors for all her children, during past ten years, although now able to pay a woman a small sum to care for household, still depends on them in her emergency. Received only supplementary relief in baby clothes, and caretaker for two days. Very appreciative of attention.

No. — Clinton Street — Fourth child. Family very poor, living in miserable rear house on ground floor. Man a peddler of vegetables, earning a meagre living. An old aunt of wife pretending to care for house, but positively refusing to

for patient and infant. Sent in scrub-woman for a few days, and helped out with clothing, food and milk.

No. — Water Street — Eight children and parents living in two rooms in basement; dark and unsanitary. Man stated landlords will not allow so large a family on upper floors. Man working irregularly, and girl of sixteen years, who earns \$4.50 weekly, is main support of family. Daughter discontented with manner of living; says when she is able to earn \$6.00 weekly, she will leave home, unless they can live more decently. Man advised to make supreme effort to improve conditions, in order to keep family together; promised to do so. Patient helped out with clothing for herself and infant, and cleaner sent in for three days, when bright girl of twelve years assumed charge of everything.

No. — Clinton Street — Seventh child. Man died of consumption eight months ago, since which time family has lived on earnings of girl of fifteen years (\$3.50 weekly) and what little the woman could earn by peddling potatoes. Says she bought vegetables by the bag, and sold in two and three cent portions, making frequently as much as 40 cents per day. Will resume in about one week taking infant on street with her. Grateful for assistance given.

No. — West 4th Street — Third child. Family very poor. Woman stated man was notified of death of a relative in Italy who had left him a small property, and as soon as he could get together passage money, went to Europe, intending to sell property, and return with money to his family. As wife has not heard from him in seven months, she fears he has enlisted in army, and if still alive, is now serving his country. Advised to commit temporarily two older children to an institution and, by placing infant in day nursery, be able to earn a living until such time as man may return. Very grateful for advice and directions given, and also for clothing, food and care while necessary.

No. — Monroe Street — Fourth child. Family in two small rooms, and apparently very poor. Learned man has

been confined on Wards Island, in insane asylum for past six months. Patient has been told he is incurable, and is quite anxious to know if she cannot get a divorce under such circumstances, as she must have a man to support four children. Advised to apply to Relief Society for desired information, and also for assistance until able to work. Given all possible care and attention.

No. — Attorney Street — Fourth child. Man a presser of clothing, earning very little. Family living in two rooms; woman on cot in kitchen, while the other small room is given up to lodgers, eight of whom sleep on the floor every night. For this accommodation, and privilege of storing their baskets of fruit, notions and various other things which they peddle daily, they pay one dollar each monthly, which pays rent of family. Apparently satisfied with meagre living. Very grateful for work of scrub-woman for a few days, which, with care of doctor was all they required.

No. — East 6th Street — Fourth child. Man a laborer, very intemperate. Woman earns a living for family, while girl of ten years is kept home from school to care for children. Expects to resume work as office cleaner at end of week. Gave assistance in food and clothing and sent in cleaner daily. Woman advised to break up home, commit three children to institution, and take situation with infant. Promised to consider advice unless man reformed.

No. — Sixth Avenue — Seventh child, one of whom has been in hospital for past year under treatment for a deformity. Oldest child only eleven years of age. Man an intemperate longshoreman, working irregularly, and squandering his wages. Family crowded in two rooms and threatened with eviction. Refused to have conditions reported to charity organization society, as they would advise breaking up of such a home, and commitment of children to an institution. Helped woman with clothing for herself and infant, also necessary food, and care of scrub-woman.

No. — 5th Street — Second child. Family occupying one room, unfurnished with exception of old cot bed, and soap box.

Patient stated everything had been pawned or sold, as man had been unable to secure work on account of his intemperate habits. Gave all possible assistance and care, and advised taking situation with infant when well and committing older child to institution.

No. — Pitt Street — Seventh child. Family with mother of patient living in one furnished room in basement. Man having been idle for several months, finally decided to go to another city to look for work. Being seven months in arrears, patient was evicted for non-payment of rent, and obliged to move into one room. Woman worked as clothing finisher while able, but is now dependent on her mother who goes out to days' work. Gave all necessary clothing and food, and care of scrub-woman for six days. Patient then resumed work.

No. — Madison Street — Fifth child. Family miserably poor, as man, a tailor, has been unable to work for several months, having been confined to bed with an attack of rheumatism. Claims to have been aided with rent and food until quite recently, when same was discontinued. Gave emergent relief in food and fuel, and sent in cleaner daily, also advised man to make another appeal to United Hebrew Charities for assistance in rent until able to resume work. Very grateful for assistance.

No. — Eldridge Street — Twins, making in all seven children, the oldest of whom is ten years of age. The man keeps a small basement butcher shop and ekes out a living for family by accommodating two lodgers, all of whom, eleven people, live in two small dark rooms back of shop. Every possible kind of relief and care provided for woman until sixth day, when she was found attending butcher shop.

No. — Madison Street — Fourth child. Couple make a living by peddling with baskets, such goods as matches, shoe-laces, pins, buttons, etc. Woman sitting up in bed on first day, preparing basket of merchandise for boy of eight years, who would take her place on the street until she recovered. Says she expects to take infant with her, as she cannot afford

to pay for it in day nursery, as her earnings rarely forty cents per day. Very appreciative of assistance and during incapacity.

No. — Hester Street — Seventh child. Man a p said he had kept a small dry goods store, making a comfortable living for his family until three months ago, at which time it was burned out, losing all his stock, as it was not insured. Assisted with clothing and food and sent in caretaker for three days, after which time the oldest child, a girl of thirteen years claimed to be able to take full charge of patients and

No. — Sheriff Street — Eighth child. Man has a tinsmith shop in basement, back of which large family lives in two dark rooms, suffering every privation possible, in order to educate children. One boy in New York College, aged sixteen years attending high school, and teaching English to foreigners in the evening, in that way earning his clothes. Younger children and home neglected and filthy. Sent scrub-woman until patient recovered.

No. — Cherry Street — Third child. Polish Catholic family; very clean. Man complained of hard times in his business, and finally informed visitor he was a grave digger gets paid "by the piece," and in busy times makes a comfortable living for his family. Wife helps by keeping lodgers. Has beds in three rooms. Gave only a little assistance in buying clothes and sent in cleaner daily until patient recovered.

No. — Eldridge Street — Third child. Man a junk dealer. Rooms dark and unsanitary, on ground floor of rear building. In filthy condition, crowded with old rubbish of all kinds. Almost impossible to make any impression by cleaning but managed to keep patient and infant comfortable. Sent clothing for mother and baby, also special nourishment.

No. — Eldridge Street — Third child. Man suffering from consumption, unable to work during past year. Recently sent to sanitarium by a lodge to which he belongs. Previously worked at days' work while able, and expects to resume

few days. Claims she can easily earn a living for herself and children, as she has also been supporting a man for several months. Very thankful for supplies and care given during her incapacity.

No. — Broome Street — Second child, oldest fourteen months, and unable to walk. Man a tailor working irregularly, earning a precarious living for family. Woman regretting inability to help by peddling or keeping boarders, as two helpless babies will keep her very busy. Given advice and directions as to use of day nurseries, for which she was very thankful, as she is anxious when well to do her share toward tiding over dull times. Helped her with clothing for infant and milk supply.

No. — Pitt Street — Fourth child, family very poor, living in one miserable back basement, where oil lamp is kept burning all day. Difficulty in locating place as it is reached through dark alley. Man a vegetable peddler, and room filled with decaying fruit and potatoes. Man told that same must be removed from sick room, or Board of Health would be notified on following day. Acted on advice given, and scrub-woman was sent to give place a thorough cleaning. Patient aided with food and milk.

No. — Attorney Street — Second Child. Two families and boarders, a total of eight persons living in two rooms. Both men out of work and women supporting household by doing laundry work at home. Rooms full of washed and unwashed clothing, and corners packed with old dirty bedding, which the boarders place on the floor at night. Only one bedstead in rooms. Patient required only clothing for infant and care of doctor, as friend would attend to cleaning.

No. — East 6th Street — Third child. Family moved into rooms on previous day and place in great confusion. Scrub-woman unable to work until she had unpacked utensils. Woman lying on mattress on floor. Cleaner assisted in setting up bedstead and with help of man and neighbor, placed patient on it, for which she was very thankful. Helped her out with

clothing and food, and referred man to Charity Organization Society in effort to find work.

No. — Cherry Street — Twins, making seven children in all. Family living in three small dark rooms. Man a tailor, working irregularly, and boy of twelve years peddling during vacation. Told visitor he sometimes earned thirty cents a day, and when his father secured steady work, he was going to save that to go to college. Gave woman assistance in clothing, and sent in cleaner for a few days. Couple very thankful for good care.

No. — Orchard Street — First baby; woman up on third day, finishing laundry work to send home. Man a laborer, working only occasionally, and evidently depending for support on wife. Patient advised to have him arrested for non-support, or to take a place with infant and break up home. Finally persuaded her to return to bed and scrub-woman sent in to finish work under patients direction. Very thankful for help, and promised to consider advice of visitor.

No. — Allen Street — Seventh child, all under twelve years of age. Man died three months ago, leaving family destitute, and absolutely dependent on old mother of patient who goes out to days' work, all living in two rooms, and threatened with eviction on account of crowding. Gave woman all possible assistance and sent in cleaner daily. Advised patient to commit children temporarily to an institution. Says she will first try keeping boarders and if that fails will act on advice given.

No. — Delancey Street — Third child. Man a rag picker and junk dealer, earning only a pittance, and family miserably poor. Woman went out to days' work while able, and when obliged to give up one month ago, family was dispossessed. Have since been living with family of five, making a total of ten people in two rooms, the majority of whom sleep on the floor. Very thankful for assistance given in food and clothing and care of cleaner. Man expects soon to resume work as a tailor when he will be able to support family. Refused to apply to United Hebrew Charities for aid.

No. — Water Street — Fourth child. Man a longshoreman out of work, and family destitute and threatened with eviction. Gave them all possible assistance in food, clothing and care. Also referred man to Association for Improving Conditions of the Poor to make application for work of some kind, whereby he might support family. Woman works at office cleaning when well, and children look underfed and neglected.

No. — Allen Street — Fourth child. Man suffering from consumption. Has done no work in two years. Was sent by friends to sanitarium about two months ago. Rooms miserably poor, corners piled full of old bedding and covers, used by lodgers who sleep on floor at night. Patient stated men pay her one dollar each monthly for the privilege and as she can accommodate eight, her income pays her rent. Very grateful for clothing, food and care. Learned later that Jewish Relief Society had aided with \$5.00 cash and bed clothing, and promised to help woman place three children in institution temporarily.

No. — Goerck Street — Sixth child. Family crowded in three very small dark rooms. Man a peddler, and two boys, aged fourteen and fifteen years working. Joint weekly income of family, eight dollars. Self-respecting couple, perfectly satisfied with conditions and expressing deep sympathy for their destitute neighbors. Required only care of doctor and nurse, and help of scrub-woman for a few days. Very appreciative of attention.

No. — Rivington Street — Seventh boy. Family very poor but respectable. Man a tailor out of employment and earning only a trifle by peddling. Finds it very hard to pay rent of two rooms, but hopes to see more comfortable days when the oldest boy, now thirteen years of age, becomes a wage earner. Asked only for one thorough cleaning and clothing for infant. Old mother will then be able to care for patient.

No. — Forsythe Street — Fifth child. Rooms in great confusion, family having moved from Brooklyn on previous

day. Sent scrub-woman to help unpack belongings and make patient as comfortable as possible. Gave clothing for woman and infant, also supply of milk, special nourishment, as couple had expended last dollar in removal to city. Man expects to make a living for family by buying old cast-off clothing and making it into children's garments. Very grateful for kindness.

No. — East 25th Street — Fifth child. A very respectable appearing American woman with an Italian husband who speaks no English. Says he is a laborer, and supports his family comfortably when able to secure work. Home very clean one although in dark back basement. Gave clothing for woman and infant, and sent in food, which was all required as a kind neighbor offered to care for home and patients. Referred man to Charity Organization Society to make application for work. Couple very thankful for attention.

No. — Front Street — Fourth child. Man deserted three months ago, leaving family with patient's mother, who occupied two miserable basement rooms, for which she pays \$5.00 per month, besides attending to janitor's work of house. Family very destitute of all necessary clothing for bed and patients which was furnished, and cleaner sent in daily. Gave temporary relief in food, on learning that family is well known to Association for Improving the Condition of the Poor which has aided intermittently for years.

No. — Stanton Street — Sixth child. Man a shoemaker, too old to make a living for young family. Claims to be sixty-five, while wife is twenty-eight years of age. Family living in one basement room, man using only window for his cobbling, while living room and bed, are inadequately curtained off from shop. Patient given all necessary assistance and advised to make effort to change manner of living.

No. — Greenwich Street — Second child, oldest only eleven months. Family miserably poor. Man a longshoreman, working irregularly and spending greater part of earnings in dissipation. No preparation made for illness. Found it necessary to give clothing for woman and infant, also special

nourishment and care of scrub-woman for several days. Patient did not approve of advice given to break up miserable home, place oldest child in institution, and take situation with infant.

No. — First Street — Third child. Man sick, unable to work for past six months. Showed visitor a number of pawn tickets, everything available having been disposed of in that way. Woman working while able, but recently family has been dependent on an aunt of man, who goes out to days' work. Man claims to have made application for admission to a home for incurables, and as soon as admitted wife will break up home, placing two children in an institution, and taking place with infant. Very thankful for relief given.

No. — Cherry Street — Third child. Man a house painter out of work, and family miserably poor. Manage to pay rent by keeping lodgers, of whom they have eight who sleep on floor, paying one dollar each monthly for privilege. Man claims to keep family from starving by peddling bananas. Gave patient food and clothing and care of cleaner for fourteen days, she having been very ill. Very appreciative.

No. — Broome Street — Seventh child, oldest twelve years of age. Man deserted six months ago, claiming to be unable to support such a large family. Woman worked as long as able, but has been for some time dependent on charity of neighbors as poor as herself. Gave her relief in food and clothing and care, and advised her to make application for commitment of children to institution, thus calling attention to man's delinquency, and compelling him by law to support family. Very grateful for advice and attention.

No. — Monroe Street — Fourth child. Two families, a total of eleven persons, living in two small rooms, for which they must pay a monthly rental of \$10.50. Both men, tailors by trade, idle for months, are now trying to eke out a living by peddling. Apparently very poor, but industrious. Gave patient assistance in clothing and rooms one thorough cleaning. Friend will continue care of patients.

No. — 2nd Avenue — Twins, making a family of seven children, the oldest a girl of sixteen years. Man in a hospital in last stage of consumption. Girl kept at home to care for other children, says she earns \$4.00 weekly when able to leave home. This is the only income of the family since mother has been unable to work. The Association for Improving the Condition of the Poor pays seven dollars per month on their rent of \$15.00. Learned on later visit that a sister of patient, whose husband had been thrown out of employment, had come with her family to live with them in order to reduce expenses of both families. Woman very grateful for clothing, food and care, and hopes now that girl can resume work, to get along nicely.

No. — East 13th Street — Fifth child. A chronic condition of poverty owing to man's infirmity. He is an epileptic, and consequently out of employment a great part of the time. He claims to be a good worker, but says that he just gets started in a new situation when he has one of his attacks, which causes great excitement, and sometimes panic, and that he is then immediately discharged. Says he has often contemplated suicide, as he knows he is incurable. Helped patient with all necessities, and advised man to apply for admission to Craig colony for epileptics.

No. — East 11th Street — Fifth child. Family very poor, children all small. Man met with accident three weeks ago having fallen down a flight of stairs, and been instantly killed. Woman stated that since that time, as she was unable to work she has been dependent on kindness of poor neighbors. No preparation made for illness. Furnished her with everything necessary to make her comfortable, and sent in scrub-woman daily. Patient claims to have secured work as office cleaner in Metropolitan Life Building, and expects to begin work when baby is one week old. Given advice relative to day nurseries, or if found necessary, temporary commitment of some of the children. Very thankful for all attention.

No. — East 36th Street — Second child. Conditions miserable. Man having been out of employment for some time,

finally secured place as janitor for which services he receives rent free, the use of two miserable damp rooms in the basement. Patient needing everything for comfort. Furnished her with clothing food and milk, and sent in cleaner for a few days, when man took up care of patients and rooms. He promised to make every possible effort to secure work as advised, as soon as wife is able to attend to janitor work.

No. — Ludlow Street — Seventh child. A family of Roumanian Jews, apparently very respectable but desperately poor. Occupying two rooms, only one bed in place. Children all sleep on floor, wearing day clothing to help keep them warm, as covering is insufficient. Only a small gas stove in room, and very little furniture of any kind. Man a peddler trying hard to make a living for large family of small children. Helped them out with clothing for woman and baby, groceries and two weeks milk supply. Also sent in cleaner daily, and referred man to a down town relief society, which aided with cash for rent, which was overdue. Family more than grateful.

No. — Grand Street — Fifth child. Man a longshoreman, out of work for months on account of shipping conditions. Everything available pawned or sold to pay rent of one room, and family threatened with eviction. Baby wrapped in old black shawl, and woman in old calico wrapper, covered with a dirty piece of carpet. Patient said she had been obliged to work at cleaning offices until day before confinement, and had no time or money with which to prepare for illness. Furnished her with all necessary clothing for herself, bed and baby, and by sending food and milk, kept woman in bed four days. Also sent man to wood yard in East 28th Street, where he could earn 50 cents daily.

No. — Monroe Street — Second child. Family living in two miserable rooms, for which United Hebrew Charities pay rent. Woman partially blind, and man in sanitarium suffering from consumption. Gave patient necessary clothing for herself and infant, and sent in cleaner daily. Also, provided milk and nourishing food and referred case to down town relief society, which gave \$5.00 in cash, and additional clothing.

Woman will place children in day nursery, and work in tailor shop when well.

No. — West 11th Street — Eleventh living child, only one of whom is able to work. He earns three and one-half dollars weekly. Man an intemperate longshoreman, has very little work and family is desperately poor. Two families, a total of sixteen persons living in two rooms. Both women work at office cleaning when patient is well and refused to have case referred to Charity Organization Society, as they feared "Gerry Society" would take away children from such a home. Made woman as comfortable as possible under such circumstances.

No. — Sheriff Street — Fourth child. Family very poor, living in miserable rear house on ground floor. Man a peddler, earning a scanty living for his large family, and his mother. The old woman pretended to care for house, but positively refused to make patient and baby comfortable, professing ignorance of such service, although she claimed to have had eleven children herself. Sent in cleaner daily for a few days, and gave clothing for infant.

No. — Stanton Street — Fifth child. Man apparently self-respecting, felt keenly the poverty of his family, which is due to his inability to work at his trade as presser, on account of failing eyesight. Girl of fourteen years, will begin to work as soon as she can get out papers. Gave clothing for patients and sent in cleaner for a few days. Also sent milk in for ten days. Family known to United Hebrew Charities which occasionally aids with rent.

No. — Henry Street — Second child. Young Jewish couple with small soda water store with one room back of it. As soda sells for one cent a glass in the Ghetto, they make a meagre living. Gave clothing for woman and baby, and sent in cleaner daily, as old grandmother who lives with them is too feeble and stupid to care for patient. Woman found waiting on customers on fourth day.

No. — Cherry Street — Fifth child. An Italian family. Man a maker of plaster images, now out of work. Rooms profusely decorated with specimens of his handicraft, of which he seemed very proud, and several of which he wished to present to agent as tokens of his gratitude. Expects to start out on a peddling tour as soon as wife recovers. Gave baby clothes and sent in cleaner to care for patient for a few days. Man kept house very clean.

No. — Washington Street — Fourth child. Respectable Irish family, but very poor. Man has just resumed work after long idle period. Woman received dispossess notice while in bed, but as family could not be evicted until she recovered, man would have drawn two weeks' pay by that time with which to pay rent for other rooms. Very appreciative of assistance in clothing, food and care of scrub-woman.

No. — West 29th Street — Fifth child. Patient a respectable colored woman. Man worthless, had just returned from an absence of some months giving no account of himself. Family very poor; woman a laundress having been unable to work for a few weeks. Gave clothing for patient and infant, also bed clothing and sent in special nourishment. Very thankful for attention of doctors and auxiliary. Expected to resume her work on fifth day.

No. — Sheriff Street — Ninth child. Miserable place, infested with fleas and in all ways filthy. Man out of work and family dependent on boy and girl whose earnings weekly aggregate \$4.50. Gave assistance in clothing, and kept patient as clean as possible under such conditions. Also sent man to down town Jewish Relief Society, which gave bed clothing and \$5.00 in cash

No. — Madison Street — Third child, all of whom are being fed by bottle, eldest only two years of age. Family very poor, man having done no work in five months. Man complaining of expense of feeding babies. Said they were obliged to give child of two years weak tea in the bottle. Remonstrated with and given supply of milk for two weeks. Given address

of relief society, which when called on, gave him \$5.00 in cash and clothing for children. Auxiliary also furnished baby clothes and care of cleaner while necessary.

No. — Cannon Street — Seventh child, oldest a boy of thirteen years. Family poor, man a peddler earning very little, and woman suffering from tuberculosis. Says she knows she will not recover, but is sorry on but one account; she fears she will not live long enough to see her boy through college, as she is anxious to have him become a physician. Gave her a supply of milk, and sent man to Sick Relief Society, which aided with \$5.00 cash, and promises special nourishment for patient.

No. — Broome Street — Seventh child. One boy working earning \$2.50 weekly, and man earning from \$5.00 to \$7.00. Couple perfectly satisfied with conditions; in fact, consider themselves quite well to do. Occupy three rooms, and whole family sleep on bedsteads. Preparations on cheap scale made for new baby, and nothing required of auxiliary but care of scrub-woman for a few days, for which patient was very grateful.

No. — Lewis Street — Third living child. Woman thirty-three years of age, has given birth to ten children. Very clean respectable family, living in two rooms. Man was formerly a sewing machine operator, but became partially paralyzed from working overtime in busy seasons. Says he frequently worked sixteen hours continuously in day, thus earning fair living wages. Couple now work together at home, finishing garments, which wife has to carry to and from tailor shops. Man states they jointly earn five dollars weekly. Very grateful for care and assistance.

No. — Attorney Street — Twelfth confinement; only five children living. Girl of fifteen years, housekeeper, said they needed only a few more baby clothes, and care of scrub-woman for one day. Very self-respecting Jewish family, evidently very poor, but not inclined to beg. Woman very weak, admitted she had no nourishment, as she could not eat the stale bread which the family must use. Two weeks supply of milk ordered

and small amount of groceries sent in. Jewish Sick Relief Society also aided with food and \$5.00 in cash.

No. — West 30th Street — Fifth child. Woman white and man colored. Children all black. Man out of employment for some time and place miserably bare and poor. Very grateful for care of scrub-woman and clothing furnished for herself and infant. Says husband is kind to his family, but that she has been ostracized by people of her own color, and is consequently dependent on strangers in her emergency.

No. — Monroe Street — Sixth child. Woman deaf and dumb, but very happy over the fact that five children can hear and speak. Says man has been idle for some time, and they are consequently very poor just now, but that he is a good provider when possible. Very grateful for assistance given in food, clothing and care of scrub-woman.

No. — 2nd Avenue — Twins, making a total of seven living children. Oldest a girl of sixteen years working. Says she earns \$4.00 weekly. This, with board of patient's sister, a working woman, the whole income of large family. Man in sanitarium suffering from consumption. Family occupying four small rooms, for which they must pay \$15.00 rent. The Association for Improving the Condition of the Poor assists with \$7.00 on rent. Gave woman two sets of garments for infant, as she had only made preparation for one. Very thankful.

No. — East 31st Street — First child. Conditions miserable, man having been idle for three months. Being dispossessed, they moved their few belongings into the two small dark rooms, occupied by patient's mother, who is paralyzed and unable to help in any way. Gave clothing for infant and bed, and sent in cleaner daily. Advised man regarding making application for work.

No. — Suffolk Street — Fourth child. Man a fur sewer, has been idle for some time, his trade being season work. Says he managed during busy period to save three month's rent,

and has been peddling lemons to earn food. Claims he makes thirty or forty cents a day, and on that they must live. Very thankful for help of scrub-woman, also clothing and milk supply.

No. — Morton Street — Fourth child. Man in hospital, suffering from attack of pleurisy, and two children sick with measles. Woman claimed that if it were not for illness of children, she could support family by days' work. Referred her to Association for Improving the Condition of the Poor for assistance during illness of family and gave her emergent relief in food, milk and necessary clothing. Woman up on third day caring for household.

No. — Hester Street — Third child. Man a rabbi, earns about six dollars per week, from a class of boys to whom he teaches the Jewish religion. A son of nineteen years is in college and the mother does days' work when well. Helped woman out with special food and milk for herself and clothing for infant. Her old mother cared for home.

No. — Pitt Street — Eighth living child, oldest of whom is fifteen years. Man a junk dealer, and one of two basement rooms filled with a collection of rubbish which he was busy assorting for the trade. As there was but one bed in evidence family evidently sleep on filthy rags at night. Woman given all necessary assistance and Board of Health notified of unsanitary conditions. Learned on next visit in neighborhood that man had removed his stock to cellar in vicinity by order of Board of Health.

No. — Cherry Street — Twins, making a total of seven small children. Family had recently been dispossessed and had moved into two small rooms. Woman lying on boards, no mattress or springs on bedstead. Man claimed he had sold them to pay for moving. Family apparently destitute, man blaming miserable conditions to woman who *would* have so many children. Gave patient food and clothing and made her as comfortable as possible with assistance of kind neighbors.

No. — East 6th Street — Fifth child. Man sick and unable to work for past year. Woman has supported family

by day's work, but feels now that with infant she is handicapped. Advised to have man sent to Metropolitan Hospital and three older children committed to an institution temporarily. Gave her assistance in clothing, food and milk, and care of cleaner until well.

No. — Ridge Street — Fourth child. Man a consumptive, having been unable to work for several months. Family living in damp, dark rooms on ground floor of rear house. Effort made to induce man to go to sanitarium unsuccessful, he absolutely refusing to consider the idea, saying he would rather die with his family than to recover separated from them. Gave clothing for bed, patient and infant, and sent in scrub-woman to do all necessary cleaning and washing which was very heavy. Woman having been absent every day at days' work and home consequently neglected.

No. — Cherry Street — Seventh child. Man out of work attending to home. Girl of fourteen years, earning three dollars per week, sole support of large family. Occupying two basement rooms, dark and cheerless, but quite clean. Couple self-respecting and very grateful for assistance in clothing and food and care of cleaner daily.

No. — Willet Street — Fifth child. Man has a small green grocery in basement. Patients bedroom adjoining shop filled with decaying vegetables etc. and very damp. Oil lamp lighted continually and odor stifling. Gave food and clothing for patient and sent in much needed cleaner and caretaker daily. Reported case to Board of Health and to United Hebrew Charities for moral treatment.

No. — Cannon Street — Fourth child. Man a cabinet maker on half time, earning about \$3.00 per week. Woman despondent and broken in health. Says she was married in Russia when only fifteen years of age. Has borne ten children and is now but thirty years of age. Says he cannot expect any improvement in conditions until children become wage-earners, as husband's trade has been ruined (for him) by the introduction of machinery. Man who is but forty years old,

considers himself past the age of adopting new methods. Gave all auxiliary relief and care and referred case to Jewish Relief Society which gave \$5.00 cash and clothing and shoes for older children. Very grateful and much encouraged by attention.

No. — Watts Street — Fifth child, an Irish family, very untidy, and apparently intemperate. All living in one furnished room in basement, dark and unsanitary. Man a longshoreman, working irregularly, but earning fair wages when employed. Woman evidently a poor manager. No preparation made for illness. Sent in cleaner daily and gave necessary clothing for bed and patients, also special nourishment for woman. Couple advised to give children better care, under penalty of their commitment by Society for Prevention of Cruelty to Children. Promised to make effort on woman's recovery.

No. — Broome Street — Fourth child. Very respectable family. Man a tailor out of work. Everything available in pawn. Very grateful for assistance in clothing, food and care of cleaner. Referred to Hebrew Relief Society, which gave five dollars in cash, bed clothing and groceries and promised to help man secure work.

IN-DOOR DEPARTMENT.

CASES RELIEVED

BY

THE LADIES' AUXILIARY.

Extracts from the Reports of Mrs. Bensel, Agent.

CASE. I. A young woman, married, deserted by husband for some months (baby not living). It was found after confinement patient had trouble with her feet; could not walk for some time, a pair of Orthopedic shoes were made to order Committee I defraying the expense. The patient was most grateful, and has been to the hospital several times to show how much she appreciated what had been done for her. She is now able to earn her own living.

CASE. II. The little boy written about in the last report could not be operated on until he was older. He was fitted out in necessary clothing before leaving the hospital. He was greatly missed as he was beloved by everyone.

CASE. III. A young English woman when she married her husband, he had his own place of business in Canada and was so unfortunate to lose everything they owned. He then came to New York and was not successful. Left the city leaving wife and infant without means. A friend gave her a room but no food, the latter being supplied by the Ladies' Auxiliary until friends could come to her assistance. A letter of thanks was received which was forwarded to Chairman of Committee I.

CASE. IV. Patient born in Hungary, could speak very little English; not married. Had a sister in Perth Amboy who was ill and could not afford to send money. A ticket was bought

and patient put in charge of conductor of train. A letter of thanks received.

CASE. V. A young Italian girl. The father of her child called to take her home but as they were not married it was not allowed. The young man was most anxious to marry the girl and she was kept in hospital a few days longer. A visitor from another Society was consulted who took charge of the case and had the young couple married. Baby baptized. As the husband was earning small wages, assistance was given also clothes for infant. An agent found the couple very happy when visiting them.

CASE. VI. Another little boy who lost his mother at birth was obliged to be kept in hospital for a longer period than usual on account of his health, was supplied with necessary clothing, as his father was very poor.

CASE. VII. A very respectable young married woman whose husband had been out of employment for some time, left wife saying he would look for work out of the city. Patient obliged to go to her mother, a widow only having what she could earn. Clothing for baby also a pair of blankets (a donation) given to the mother when leaving the hospital which was greatly appreciated.

CASE. VIII. Patient born in Europe, single. A convalescent home was found for mother and baby. A friend called at hospital wanting to take them to her home out of the city. When reaching there the friend's husband would not allow patient to remain so she returned to hospital without means. Assistance given, another home found where she was employed, making her very happy to be able to support her little boy of whom she was most fond, she said she never could be thankful enough for what the Ladies' Auxiliary did for her.

CASE. IX. Patient married born in the South. Had two children, the oldest three and a half years of age. Husband out of employment, could not be depended on. When working wife had been obliged to leave him. The baby lived a few

days. Patient refined and anxious to support her child. Had a position as housekeeper offered to her out of the city. Being without means assistance was given. A letter of appreciation received and sent to the chairman of Committee I.

CASE X. Patient a very nice married woman, had two children. Mother obliged to remain in hospital for some months. Husband had been out of employment. Extra clothing given, also groceries. A letter of appreciation was received.

The following Societies have cooperated with the Ladies' Auxiliary in caring for our patients before and after confinement.

Emergency Shelter.	Margaret Strachen Home
State Aid Association.	St. Barnabas House.
Gramercy Nursery.	Washington Square Home.
Salvation Army Home.	St. Johns Guild.
Council of Jewish Women.	Caroline Rest.
Church Mission of Help.	Heartease Home.
	St. Andrews Convalescent Home.

Material has been supplied of gray flannel for hoods to be worn by those patients sleeping on the roof gardens, also robes for the other patients in the wards.

During the summer plants and umbrellas for the roof gardens given.

An unusual number of abdominal supporters given to patients; also elastic stockings showing how many have been benefited who otherwise would have to suffer for the need of these appliances.

Respectfully submitted,
S. J. BENSEL.

CHARTER OF THE SOCIETY OF THE LYING-IN HOSPITAL.

An ACT to incorporate the Society of the Lying-In Hospital of the City of New York, passed March 1, 1799, chapter xxviii. Laws of 1799.

WHEREAS, THOMAS PEARSALL, JOHN CHRISTOPHER KUNZE ROBERT LENOX, CORNELIUS RAY, ARCHIBALD GRACIE, JOHN STARK ROBERTSON, HENRY REMSEN, WILLIAM HOUSTOUN, ANDREW HAMERSLY, JOHN CHARLTON, DAVID M. CLARKSON, WILLIAM JAUNCEY, J. C. VANDEN HEUVEL and others, influenced by principles of benevolence and charity, associated as an institution, under the style of The Society of the Lying-In Hospital of the City of New York, for the useful purpose of establishing an aslyum for the reception of women in a state of pregnancy who are unable to procure the necessary medical assistance and nursing during the period of their confinement in child-bed, by their petition presented to the Legislature, have prayed to be incorporated, the better to enable them to carry into effect the salutary object of their institution; therefore;

Be it enacted by the People of the State of New York, represented in Senate and Assembly. That all such persons as now are, or hereafter shall be, members of the said institution, shall be and hereby are ordained, constituted and declared, forever a body corporate and politic, in fact and in name, by the name of "The Society of the Lying-In Hospital of the City of New York" and by that name they and their successors shall and may have continual succession, and shall be persons in law, capable of suing and being sued, pleading and being impleaded, answering and being answered unto, defending and being defended, in all courts and places whatsoever, in all mannner of actions, suits, complaints, matters and causes whatsoever; and that they and their successors may have a common seal, and

may change and alter the same at their pleasure; and also that they and their successors, by the name of "The Society of the Lying-In Hospital of the City of New York," shall be in law capable of purchasing, receiving, holding and conveying any estate, real or personal, for the use of the said corporation. *Provided* that the lands, tenements and hereditaments which it shall be lawful for the said corporation to hold shall be only such as shall be requisite for the purpose of erecting a public building and such houses or other buildings as may be suitable and necessary to the nature of the said institution, or such as shall have been *bona fide* mortgaged to it by way of security, or conveyed to it in satisfaction of debts previously contracted in the course of its business, or purchased at sales, on judgment which shall have been obtained for such debts; and with regard to all such lands, tenements and hereditaments so to be held by the said corporation as aforesaid, except such as may be for its immediate accommodation as aforesaid, or such as it may hold by way of mortgage, and whereof the actual possession shall be and remain in the mortgagors, their heirs or assigns, the said corporation shall be bound to sell and dispose of the same respectively within five years after it shall acquire the same, and shall not be capable of holding the same after the expiration of the said five years.

And be it further enacted. That all persons who now are members of the said institution, or shall at any time hereafter subscribe to the same shall be deemed and taken for members of this corporation, and that the property and concerns of the said corporation shall be managed and conducted by thirteen governors, to be chosen by ballot, by and from the said subscribers; that the following persons (that is to say) Thomas Pearsall, John Christopher Kunze, Robert Lenox, Cornelius Ray, Archibald Gracie, John Stark Robertson, Henry Remsen, William Houstoun, Andrew Hamersly, John Charlton, David M. Clarkson, William Jauncey, J. C. Vanden Heuvel, shall be the present governors of the said corporation, and shall continue in office until the second Wednesday in April, in the year one thousand and eight hundred, when a new election shall be made at the hour and place, to be appointed by the said governors; that the election for governors after the year one

thousand and eight hundred, shall be held annually on the second Wednesday of April, at such place and hour as the majority of the governors for the time being shall appoint, of which election, public notice shall be given by the said governors for the space of one week, in two of the daily newspapers printed in the said City. That if any vacancy shall happen among the said governors (so elected) by death, resignation or removal, such vacancy shall be filled by a special election for the purpose, to be held in the same manner as the annual elections are made and at such time and place as shall be provided for by the by-laws of the said corporation, and in case it should happen that an election of governors should not be held on any day when pursuant to this act it ought to have been made, the corporation shall not for that cause be deemed to be dissolved; but it shall and may be lawful, on any other day, to hold an election of governors in such manner as the by-laws of the said corporation shall prescribe.

And be it further enacted. That the governors shall not take or receive any compensation for their services; and for the time being shall have power, to make and prescribe such by-laws, rules and regulations, as to them shall appear needful and proper touching the management and disposition of the stock, property, estates and effects, of the said corporation, and touching the duties and conduct of the officers of the said corporation, and touching all other matters as appertain to the business, ends and purposes, for which the said corporation is by this act instituted; and shall also have power to appoint an apothecary, house pupils, matron, stewards, nurses and servants, for carrying on the business of the said institution.

Provided, that for the appropriation or disposal of any of the capital stock, a number not less than seven shall constitute a quorum, of which number the president, or, in his absence, the vice-president of the board, to be appointed in virtue of this act, shall be one, provided also, that such by-laws, rules and regulations shall not be repugnant to the constitution and laws of the United States, or of this State.

And be it further enacted. That the governors, at their first meeting, and also at the first meeting in every year next after the said annual election on the second Wednesday in April,

shall elect by ballot, from their number a president, vice president, a treasurer and a secretary, and that the officers thus elected, shall immediately enter upon their respective offices and hold the same until the next election of governors, and it shall be the duty of the president or vice-president to preside at all meetings of the governors.

And be it further enacted; That the governors shall propose at one meeting and elect by ballot at the next a number of physicians, not exceeding four, to attend the said hospital, and to render all necessary medical aid to the persons admitted to the benefit of this institution, and that the said physicians remain in office until the next election for governors, after which time they are to be annually elected.

And be it further enacted. That this act shall be and hereby is declared to be a public act, and shall be construed in all courts and places benignly and favorable for every beneficial purpose herein intended.

Chapter 468, Laws of 1897.

An ACT to amend chapter twenty-three of the Laws of seventeen hundred and ninety-nine entitled "An ACT to incorporate the Society of the Lying-In Hospital of the City of New York." relative to subscriptions, the election of subscribers as members, and the elections of physicians and surgeons.

Became a law May 17, 1897, with the approval of the Governor; passed three-fifths being present.

The people of the State of New York, represented in Senate and Assembly, do enact as follows:

SEC. 1. Section two of chapter twenty-three of the laws of seventeen hundred and ninety-nine, is hereby amended so as to read as follows:

SEC. 2. And be it further enacted, that all persons who now are members of the said institution, or shall at any time hereafter subscribe to the same, shall be deemed and taken as members of this corporation provided such subscription is received by the society, and such subscribers are elected members of the said society by the board of governors thereof, in

such manners as shall be provided by the by-laws of the said society; and that the property and concerns of the said corporation shall be managed and conducted by thirteen governors, to be chosen by ballot by a majority of the governors from the said subscribers.

SEC. 2. Section five of said act is hereby amended so as to read as follows:

SEC. 5. And be it further enacted, that the governors of the said society, or a majority of them, shall immediately after the annual meeting of the society in each year, elect by ballot such and so many physicians and surgeons as they shall judge necessary to attend the said hospital, and to render all necessary medical aid to the persons admitted to the benefit of this institution; and in case of a vacancy or vacancies, to elect other physicians or surgeons in their places.

SEC. 3. This act shall take effect immediately.

BY-LAWS
OF THE
SOCIETY OF THE LYING-IN HOSPITAL OF THE
CITY OF NEW YORK.

CHAPTER I.

ELECTION OF GOVERNORS

1. There shall be an Annual Meeting of the Governors on the second Wednesday of April in each year for the purpose of choosing by ballot by a majority vote of the existing governors, from the members of the Society, thirteen governors who shall manage and conduct the property and concerns of said corporation for the ensuing year and until their successors are elected. The hour and place for the holding of such meeting shall be fixed by the Board from time to time.

2. A vacancy among the Governors may be filled at any Stated Meeting of the Board by a majority vote of a quorum of the Board.

3. A person subscribing to the funds of the Society a sum not less than five dollars, provided his subscription is accepted by the Board, upon being duly nominated and elected by the Governors, may become a member of the Society.

A person subscribing at one time to the funds of the Society the sum of five thousand dollars shall become a Patron of the Society, and any person so subscribing the sum of five hundred dollars shall become a Benefactor of the Society.

4. No person shall be eligible for the office of Governor unless he shall have so subscribed to the funds of the Society at least three months previous to an election.

CHAPTER II.

1. If any Governor shall be absent from three successive stated meetings of the Board, or from three successive stated meetings of any committee of which he shall be a member, his place as Governor may be vacated.

CHAPTER III.

MEETINGS OF GOVERNORS.

1. The Board of Governors shall hold stated meetings on the first Tuesday of each month, except in the month of April, when the Annual Meeting for the election of Governors for the ensuing year as provided in Chapter I shall be held. The hour and place of meeting shall be from time to time appointed by the Board.

2. Special Meetings may be called by the President, or in his absence by the Vice-President, or on a written requisition of two Governors.

3. A number of not less than five shall be a quorum for the transaction of ordinary business; but for the appropriation or disposal of any of the property or money of the Society, except for the payment of necessary expenses, a number of not less than seven shall be necessary to constitute a quorum, of which number the President, or in his absence the Vice-President, shall be one.

4. At the stated meeting in April of each year, the Board shall elect from its number, by ballot, the President, Vice-President, Treasurer and Secretary, and shall appoint the following standing committees, namely:

1. A Finance Committee, to consist of three Governors.
2. An Executive Committee, to consist of five Governors.
3. A Committee on Nominations, to consist of three Governors, to whom shall be referred the names of all candidates who may be proposed for election to the office

of Governor, and of all nominations for vacancies occurring in any of the other offices of the Society, whenever they may occur.

4. A Law Committee, to consist of three Governors.

5. The following shall be the order of business at the meetings of the Board.

1. Reading of the Minutes of last meeting.
2. Reading of the Minutes of Standing Committees.
3. Reports of officers of the Board.
4. Reports of Standing or Special Committees.
5. Unfinished business.
6. Miscellaneous business.

CHAPTER IV.

DUTIES OF OFFICERS.

1. The President, or Vice-President, together with the Secretary, may, on authority of the Board, upon the payment of the principal and interest of any Bond and Mortgage held by the Society, execute a certificate of satisfaction thereof, or an assignment of the same without recourse.

2. The Treasurer shall have the custody of the funds of the Society, which shall be deposited in a Bank or Trust Company to be designated by the Board, and he is authorized to receive the interest or dividends on all securities and to give receipt therefor. In case of his absence or disability, the President or Vice-President is authorized to receive such interest and dividends.

3. The Treasurer shall keep books of account, and at each stated meeting shall make a report of the several sums by him received and expended.

4. The Secretary shall have the custody of the records and papers of the Society, other than the securities and medical records; he shall keep fair and accurate minutes of the proceedings of the Board, and notify the Governors of the meetings. He shall have the custody of the corporate seal of the Society.

CHAPTER V.

FINANCE COMMITTEE.

1. The Finance Committee shall, from time to time, give directions to the Treasurer in regard to the investment of the funds of the Society, and no change shall be made in any investment without the authority of the said committee. They shall, as often as once in six months, examine the Treasurer's accounts and make a report to the Board of the condition of the finances of the Society.

CHAPTER VI.

CUSTODY OF SECURITIES.

1. All securities shall be kept in a Safe Deposit Company to be selected by the Board, to which access shall be obtained by the Treasurer when accompanied by a member of the Finance Committee.

2. A Record Book shall be kept in which all visits to the safe deposit box shall be entered, with full particulars of the object of the visit. This entry shall be signed by the visitors, and the Record Book shall be submitted to the Board at each meeting.

CHAPTER VII.

EXECUTIVE COMMITTEE.

1. The Executive Committee shall have the supervision of all buildings and improvements belonging to the corporation, and shall hold stated meetings at least once in each month, and as often as the exigencies of business may require.

2. They shall audit the bills on receiving them from the Medical Directors, and make a draft on the Treasurer for the amount of the same. At their succeeding meeting they are to examine all such bills to see that they are duly receipted. They shall notify the Medical Directors each month of the total amount of money which may be expected for all running expenses during the following month.

3. They shall keep a book of minutes, and enter therein such business as may come before them, which book must be laid before the Governors at every monthly meeting.

4. The Committee may direct the expenditure of money or clothes for the relief of patients who from extreme poverty or circumstances of peculiar distress, may need such aid.

5. Whenever they think it necessary that a special meeting of the Governors should be called they shall apply for that purpose to the President, or in his absence, to the Vice-President. In the absence or inability of both to act, such meetings may be called by the Chairman of the Executive Committee.

CHAPTER VIII.

MEDICAL BOARD.

THE MEDICAL DIRECTORS.

1. The Board of Governors, or a majority of them, shall immediately after the Annual Meeting of the Board in each year, elect by ballot such and so many physicians and surgeons as they shall judge necessary to attend the said hospital and to render all necessary medical aid to the persons admitted to the benefit of the Institution, and to supervise the educational and medical work of the Hospital. In case of a vacancy or vacancies, the Board of Governors, or a majority of them shall elect other physicians or surgeons to fill the same.

2. These physicians and surgeons shall be known as the Medical Directors of the Society of the Lying-In Hospital of the City of New York, and they shall organize as such by the appointment of such officers as they may deem proper.

3. The Medical Directors shall upon the termination of their services and upon the death or resignation of any Medical Director nominate their successors to the Board of Governors.

4. Any Medical Director reaching the age of sixty years or any Medical Director who may become physically incapacitated

tated to perform his duties as an attending surgeon to the Hospital; or any Medical Director who may for any reason wish to relinquish active medical work, may upon approval of the Board of Governors of the Society and upon the unanimous vote of the Medical Directors be exempted from further active duty. Such retired Medical Directors shall constitute an advisory board to the Medical Directors and Governors of the Hospital. They shall when possible be present at the regular meetings of the Medical Directors, but shall have no vote.

5. The Consulting Physicians appointed under previous by-laws shall be considered members of this advisory board. Upon the death or resignation of any Consulting Physician, his office shall cease to exist.

6. Immediately after election of the Medical Directors they shall nominate to the Board of Governors all surgeons that may be necessary to aid in the education and medical work of the hospital, and any vacancy or vacancies shall be filled on the nomination of the Medical Directors by the Board of Governors at any regular or special meeting.

7. The Medical Directors shall be responsible to the Board of Governors for conducting the educational and professional work of the institution. They shall prescribe such rules for the admission, treatment and discharge of patients, for the education and government of the students, and for the regulations of the service as shall seem to them best, but such rules shall be approved by the Governors before going into effect.

8. The Medical Directors shall appoint the surgeons to serve on the house staff, and shall regulate and prescribe their duties. They shall also employ the superintendent, clerks, servants, nurses and all other persons needful and necessary for the conduct of the work of the hospital, and prescribe the duties of each, and shall purchase all supplies and superintend the making of all repairs, the bills for which shall, when approved, be sent to the Executive Committee for payment.

9. No expense shall be incurred by the Medical Directors in any month in excess of the amount which has been certified to by the Executive Committee as being available for that month, and no extraordinary expenditures shall be incurred without conference with the Executive Committee or the Board of Governors, as to the means to provide for the same.

10. The Medical Directors shall each year elect from the Attending Surgeons three surgeons who shall be known as Deputy Medical Directors. They shall assist the Medical Directors in the management of the hospital as may be from time to time required of them. They shall be present at the regular meetings of the Medical Directors.

11. No Medical Directors, surgeons, officer, nurse or servant of this institution shall accept any gift or bequest from or on behalf of any patient.

CHAPTER IX.

Persons may endow beds in the Society's Hospital as follows: By a payment of \$5,000, a bed may be endowed in perpetuity; by a payment of \$3,000, a bed may be endowed for one life; by a payment of \$250, a bed may be endowed for one year. Persons so endowing beds shall have such rights, in respect to naming patients to the Society for treatment, as the Governors shall, from time to time, prescribe.

CHAPTER X.

AMENDMENTS TO BY-LAWS.

1. Any alteration or amendment of these by-laws must be proposed in writing at a stated meeting of the Governors, but cannot be acted upon until a subsequent stated meeting; when the same may be adopted provided a majority of the Governors shall approve thereof, but no change in any By-Laws affecting the relation of the Medical Directors to the Medical or Educational work of the Society shall be adopted except after consultation with the Medical Directors and by a vote of two-thirds of the Governors.

2. These by-laws shall take effect immediately, and all other by-laws of the Society are repealed.

1. The first part of the paper is devoted to a discussion of the general theory of the problem. It is shown that the problem is well-posed in the sense of Hadamard, and that the solution is unique and depends continuously on the data.

2. In the second part, the problem is solved numerically. A finite difference method is used to approximate the solution, and the results are compared with the exact solution.

3. The third part of the paper is devoted to a discussion of the numerical results.

4. The fourth part of the paper is devoted to a discussion of the numerical results.

5. The fifth part of the paper is devoted to a discussion of the numerical results. It is shown that the numerical solution is stable and convergent, and that the error is of order $O(\Delta x^2)$.

6. The sixth part of the paper is devoted to a discussion of the numerical results. It is shown that the numerical solution is stable and convergent, and that the error is of order $O(\Delta x^2)$.

The beneficial object of the Society of the Lying-In Hospital is the relief and care, free of charge, of destitute women unable to procure necessary medical assistance and nursing during the period of their confinement.

FIVE THOUSAND DOLLARS endows a bed in perpetuity.

THREE THOUSAND DOLLARS endows a bed during one life.

TWO HUNDRED AND FIFTY DOLLARS endows a bed during one year.

FORM OF BEQUEST.

I give and bequeath to the SOCIETY OF THE LYING-IN HOSPITAL OF THE CITY OF NEW YORK, incorporated by the Legislature of the State of New York in the year 1799, the sum of..... Dollars, to be applied to the use and benefit of the said Society under the direction of the Governors thereof.
